Vedashree Tapovan

The Grand Project of Maharshi Vedavyas Pratishthan

Committed to study & research of the
timeless treasure of Vedic knowledge.

Earnest Appeal

The present age is called 'Age of Knowledge'. There has been an explosion of knowledge in all spheres bringing about phenomenal transformation in our lives. Many scholars, besides their inventions and research, are trying to preserve the eternal treasure of knowledge for the wellbeing of humanity. That is the most heartening and pleasantly surprising aspect of it.

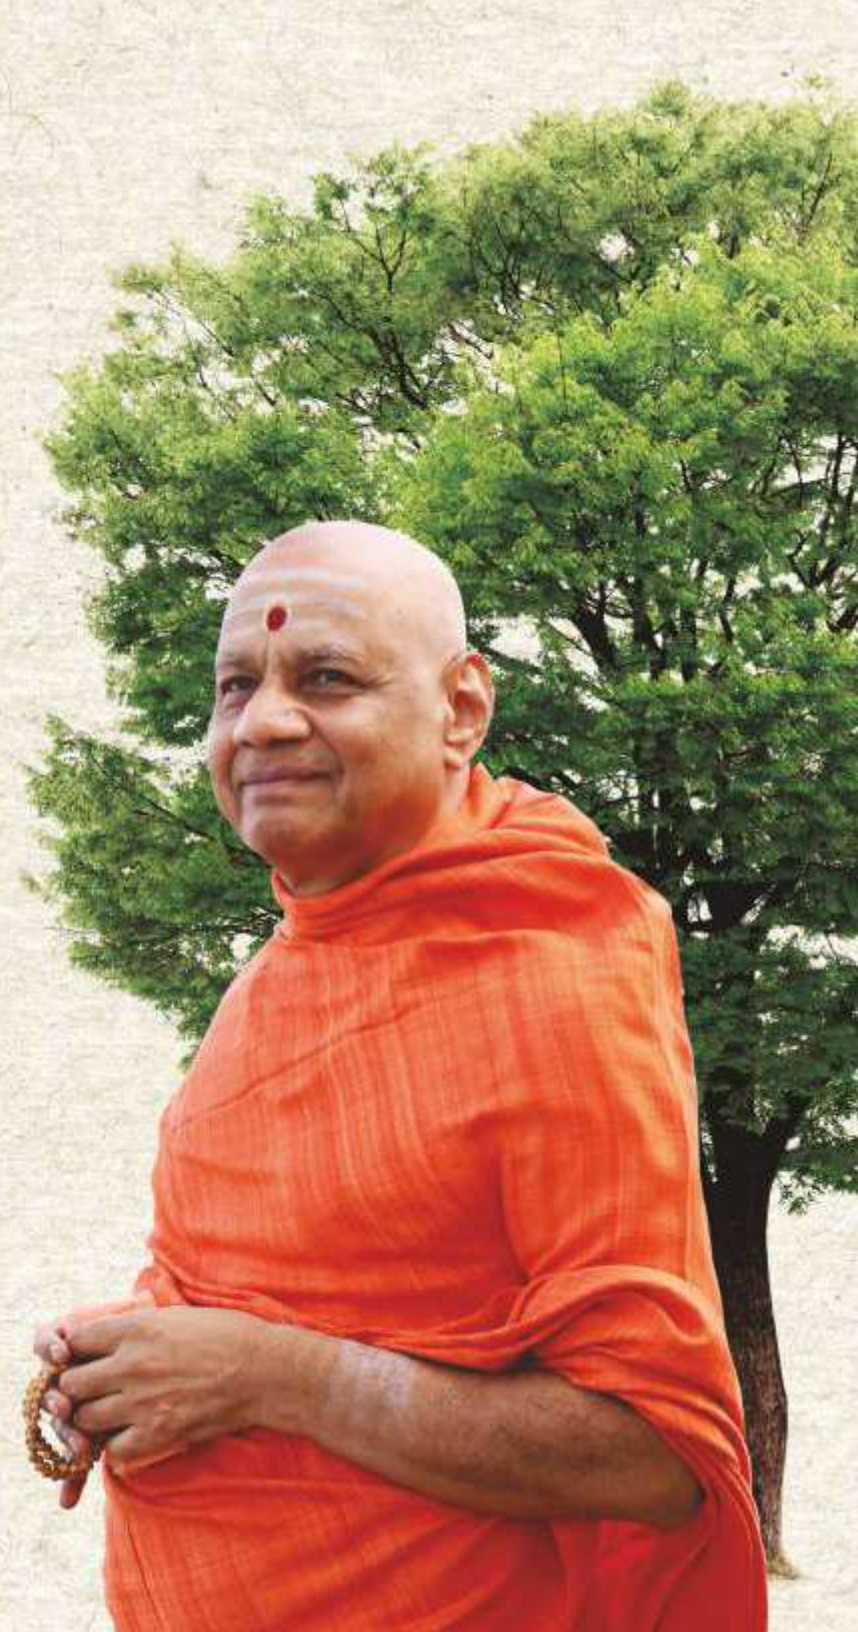

Fortunately, we Indians are gifted with vast amount of knowledge, in the form of 'Vedas'. Physics, Chemistry, Agriculture, Medicine, Architecture, Maths, Music, Yog, Philosophy, Politics, Astronomy ... take any discipline and you will find its roots in the Vedas. Therefore, for more than three decades, **Maharshi Vedavyas Pratishthan** has consciously focused their energy and efforts on preservation of this precious treasure of Vedas with public support.

We however, believe that the knowledge that doesn't benefit the common people is worthless. With this view in mind, Maharshi Vedavyas Pratishthan, through '**Vedashree Tapovan**', has endeavoured to simplify and propagate the Vedic knowledge for the common people to improve the quality of their life. And we are committed to enrich the Indian Society with the help of this Vedic treasure.

This mission that Maharshi Vedavyas Pratishthan has undertaken is of preservation of national heritage through education and of imparting vocational skills to students. Thus, it qualifies for receiving aid under the CSR policy. Maharshi Vedavyas Pratishthan has been registered with the Registrar of Companies, Ministry of Corporate Affairs, Govt. Of India for undertaking CSR activities and the Registration number is CSR00002814.

In view of this, we earnestly call upon you to associate with this noble cause and channelize your CSR contribution to take this activity on a larger scale.

Vedashree Tapovan: Its Need and Purpose

When we look back and peep into the annals of history, we find that India (Bharatvarsh) was called 'Golden Land'. It was the most prosperous and powerful country in the world. This land was considered to be highly advanced in terms of knowledge pertaining to every discipline. Everyone in the country was educated, righteous and happy in the true sense. Quite deservingly therefore, our country was revered and respected as "Vishwaguru". This is because the Bharatvarsh had emerged as the leader by virtue of its character, knowledge and ethically sound approach. Our society always strived for betterment and benevolence of entire humanity.

We could reach this pinnacle of glory because of the legacy of Vedic Knowledge, glorious culture and Vedic approach towards life. With the passage of time, our society developed some anomalies and internal weaknesses. Many wrong and negative dispositions, as a part of natural human tendency, crept in to pollute our society and weaken the nation. Our glorious motherland was conquered and subjugated by foreign invaders. Their culture and crooked policies initiated by the likes of Macaulay relegated our culture and the Vedic knowledge so much so that it was almost on the verge of extinction.

In view of this, Maharshi Vedavyas Pratishthan, has set in pursuit to resurrect this timeless knowledge and establish its importance in the society. As a part of this drive, we have established 32 Gurukul pattern free residential Vedic schools across India and have channelized our energy to achieve our goals.

"Vedashree Tapovan" will be at the apex of this arrangement, where extensive studies and research will be carried out pertaining to the Vedas and allied scriptures. Research will focus on the Vedangas, Ayurveda and other sub-branches of the Vedas and Vyakaran (Vedic Sanskrit Grammar). Dedicated efforts are also made to understand fascinating dimensions, nuances and secrets of infinite Vedic knowledge. Similarly, we have put equal thrust on the Vedic siddhantas(theories) pertaining to health, agriculture, environment and ethical upliftment of the society. Special efforts will be made to groom model Vedic teachers and preachers capable of providing cultural leadership to society. This will pave the way for healthy, progressive and ethically strong Indian society and restore our past glory.

Let's therefore, join hands and associate with this great cause. Let's contribute a bit to this drive and take our society to the new heights glory.

Looking forward to your active involvement.
